RE: SUPPORT LETTER FOR OTHM LEVEL 3 QUALIFICATIONS

Dear Tricia Catto,

We have been in communication with OTHM to introduce a Level 3 programme that can be offered to a range of learners aged 14-19 years to get them into employment. We are glad that OTHM is now taking a step forward to get the qualification in the Ofqual which will appeal to many UK/EU learners. Our market research indicated there is a good number of learners who are willing to academically progress. It will also be beneficiary for our UK based clientele who would be able to access an Ofqual regulated Level 3 programme for their learners which will ensure better opportunities for them.

We will be supporting the following programme development with continuous advice and support:

- OTHM Level 3 Certificate in Business Studies
- OTHM Level 3 Diploma in Business Studies

Please do not hesitate to contact us if required.

Yours sincerely,

Ksenia Eremeeva
Operations Manager
